## City Manager Will Offer Resignation

City Manager Clarence Robinson has informed the city commissioners that he expects to receive his resignation at their regular city council meeting Mar. 14.

Robinson, who just completed one year at the post Mar. 1, made the announcement this week after he told the council at their Feb. 29 special session.

On Mar. 5 at another special meeting, with all the councilmen except Eugene Ellis, Robinson told them he wanted a one year contract and a pay increase from \$6,600 to \$7,200 annually.

Robinson said he had at least three better offers in New England ranging from \$600-\$3,000 more than he makes here. Robinson has no contract now.

The council seemed undecided about whether to enter into a contract in view of the forthcoming September elections when Mayor Walter Ashley and Ellis come up for re-election.

Robinson, a native of Canada, took over in March of 1955 after ex-manager Tom Carle was dismissed Dec. 13, 1954. Carle had served since Jan. 15, 1954.

Robinson, who serves at the pleasure of the council, said the national average of 10 city managers is 2.7 years. He said the city needed a city manager charter defining his duties more clearly.

### HI SCHOOL NEWS

By FRANCES SLOAN  
Spelling Champions Chosen  
Carolyn Markham, grade 8, section I, was chosen champion speller from the Belle Glade elementary and junior high spelling contest, which was held Wednesday morning in the elementary school. Bobby Waters from grade six was the runner-up. Mrs. Betty Dyson, speech therapist for the school, was the pronouncer, and Mrs. Margaret Mokey was the judge. Bobby misspelled the word "agriculture," which was corrected by Carolyn, who went on to spell "capacity" correctly.  
The classroom winners from grades four through eight, who competed in the school contest, were: Sandra Tillman, Dale Ellis and Glenice Baulerson, grade four; Martin Buss, Gary Lynn,

and Beverly Tibbit, grade five; Marie Harris, Bobby Waters, and Carley Smith, grade six; Carol Holcombe, 7-1; Frank Matthews, 7-11; Sandra Buckner, 7-11; Bowlett Harlow, 8-1; Carolyn Markham, 8-11; and Nina Rundell, 8-11.  
The school winner will participate in the county spelling bee to be held March 24, at 10 a.m. in the Palm Beach High School Auditorium.  
The spelling bee is sponsored each year by the *Miami Herald*. It is conducted on four levels: school, county, district, and national. The *Miami Herald* conducts its bee in 23 Florida counties. The district event will be held in Miami, April 27.

A regular 4-H meeting was held March 1, in the Home Economics room. Several girls made recordings which were played by radio station WSWN. Saturday morning, The girls who helped make the recordings were Key Rives and Bonnie Williams of the senior division, and the president, secretary, and long leader, of the Junior division.  
Saturday, March 3, Emmett Roberts drove the Belle Glade and Seecola Camp girls to the DAR dress contest, in West Palm Beach. Margaret Irvin won 3rd prize in the Junior girls division, and all girls received participation prizes. Those participating were: Judy and Patricia Atkinson, Mary Helms, Wynette Cole, Margaret Irvin,

and Bonnie Williams, Jo Ann Simmons and Florence McBride entered dresses, but were unable to go to West Palm Beach. At the contest, Ramona Atkinson sang a folk ballad and received much applause.  
Saturday, March 10, there will be a county council meeting in the Agriculture Building in West Palm Beach. The dairy food demonstration, public speaking contest, and talent show will be held then.

**Junior Red Cross News**  
A county council JRC meeting was held March 6, at Lake Worth High School. Students attending from Belle Glade were: Martha Faye Davidson, Carolyn Schofield, Bunny Whitworth, and Leonard Higbee. The transportation was provided by Mr. Paul Higbee.

The meeting was opened by David McCloskey, of Palm Beach High School at 4 p.m. Reports were given by the different schools. West Palm Beach reported that they had a profit of \$181.64 from the Red and White Ball. This money goes to send the chorus to sing at the veteran's hospital in Miami.

Also discussed was Area camp to be held in either June or July. In the treasury at present is \$847.00, which will go to send four people to national camp. The group also discussed the 10-11 training center which was held the weekend of February 24-26. There is approximately 2,000 gift boxes which were collected from this county, to be sent to Europe.

The local JRC is trying to collect magazines and comic books to send to the veterans hospitals. Refreshments of cakes and cookies were served, after the meeting.

The next county council meeting will be in Delray Beach on April 3.

### On The . . . STREET CORNER

Talk about a crime! Did you ever read about what they did with all that 'shine last week? You've all heard about incomparable sunsets in Jamaica, stars twinkling over a ship at sea, the very phenomena of eclipses of the sun; but nothing quite surpasses the moonshine at South Bay last week.

Note! If you catch any walk-eyed pike this week in the Glades streams, look closely. They may be drunken bream.

Headline: "City Manager May Resign!" Sorry, Mr. Robinson, you can't do that. We fire our city managers here, nobody resigns.

Paul Rardin handed George Hruby a negative complaint during street lighting ceremonies Friday. Brother Hruby's sound system was being used. Coach Hector Ouellette said he was going to perfect one of these. In election year, too.

Then there's the one about the Texan whose check came back from his bank marked "Insufficient funds . . . not yours."

The last straw: They were discussing track and field events at the high school this week. Coach Hector Ouellette said he would be substituted for high hurdles. "My boys can jump canals," he explained.

### Chevrolet Contest To Give Away Cars

Glades Chevrolet Co. here is participating in a nation-wide family automobile contest offering prizes ranging from realistic child-size models to two-car grand awards which include a 1956 Corvette sports car.

Sixty-three cars and 60 pedal-operated children's models will be given away from Mar. 1 through April 14. In recognition of the trend toward two-car families, each of the three grand awards will include a Corvette, along with a 4-door Bel Air.

Contest entry forms, available at all Chevrolet dealers, contain three lines to a new chorus in Chevrolet's theme song, "See the U. S. A. in your Chevrolet." Entries will be accepted through April 14 and return the forms to the dealership during one of the contest's three 15-day periods.

One two-car award, 19 single cars and 20 Kiddie Corvettes will be given away in each period. All dealers will announce winners and deliver the cars.

Entries in one contest are eligible for the remaining contest periods, so enter early!  
Chorus to be completed:  
"Get that big eye feel—get behind the wheel,  
"Thrill to beauty, power, sales performance, too.  
"When your drive is done, you'll want to order one . . ."  
The fourth line, judged on freshness and originality, must rhyme with "too."

**Baseball Hopesful Start From Scratch**

The Belle Glade High School baseball team entered its second week of practice with some 16 candidates trying out for the nine starting positions.

The squad was hit hard by graduation last year and actually is in the process of rebuilding. At this point it appears that the coaching staff will have its hands full of simply filling the positions.

As to the team's prospects for winning ball games during the 1956 campaign, it will all depend on the relative strength of the other members of the Suncoast Conference.

The pitching staff was hit hardest of any of the departments when Walter Mokey and Bobby Joe Thomas were graduated leaving not a single hurler with any variety experience to take their places.

Most likely looking of the aspirants is Jimmy Webster, a sophomore right-hander fresh from the Pony League. Others who might see some mound duty are Glen Bair, Charles Royal and Jimmy Johnson, a sophomore transfer.

Bobby Jones' graduation left the catching position wide open. Several potentially good prospects are trying for one job, but all lack experience. Any one of the following may be in the receiver's position: Morgan Tyson, George Cox, Jimmy Johnson or Renee Braddock.

Kenny Norris seems to have the inside track for the first baseman's job, but will have to beat out Earl Williams, eager sophomore. Competition for second base, shortstop and third base is keen, but veteran Bair and Jackson will probably be found around second and short.

Also bidding for these spots and third base are Louis Friedheim, Harley Hollingsworth and George Cox.

The only returning veteran for the outfield is Dan Jones, but he'll have to out-hustle Charles Royal, Leon Burkett, Billy Abel and Charles Haver. The Rams open the season here with P. Pierce Mar. 10.

**COAST-GLADES LEAGUE NEWS**

The Belle Glade Ramblers baseball club will get underway with their first workout of the '56 season at Belle Glade Memorial Field Sunday afternoon at 3 p.m.  
The team had a meeting last Sunday, Mar. 4, to determine whether or not Belle Glade would enter the Coast-Glades League this year. It was decided that with all the new material at hand a good showing could be made to supporters and fans and some good baseball could be played this season.  
Trying out for the team so far are Perry Rigdon, Ed Klan-

jac, Jerry Gummere, Lee Burke, Bobby Jones, Sam Crissman, Charles Godwin, Hubert Anderson, Eddie Crosby, Charles Hickman, Bud House, Ernest Sole, Ralph Prescott, H. T. Seaman, Russell Collins, Bul Seaman, Art Noel, and Fred Farmer.

## WHY SOAK TAXPAYERS?

The Afton, Wyoming, Star Valley Independent said recently, in commenting on remarks of an advocate of public power systems, that one would gain the impression that it was a crime for electric power industry to want to produce and distribute the nation's power, but that it's perfectly all right for the government "to take over this obligation, with the taxpayers, footing the bill."

The Independent continued: "As we see it the question at issue is: Should the nation keep on the highway of federal power subsidy, directed toward domination of the power industry by government? Or shall we let free enterprise do the job, as has done every other industrial job in America?"

"We go along with the Rural Electrification Administration program which enables farmers and ranchers to electrify their operation through low cost loans to REA cooperatives in areas where private enterprise cannot or will not do the job.... However, we think... outright ownership of electric distribution systems in which a whole nation is taxed for the benefit of a few small sections is a step too far in the direction of socialism."

Why should the taxpayers be asked to foot the bill for a public power program that promises to crowd out a government-regulated, heavily taxed private industry that is serving the public well, that is ready and able to expand as needed, and that asks no favors?

## WHO BENEFITS MOST?

Who benefits most from the operation of American industry—that is, from capitalism?

A report from the American Economic Foundation is revealing. During the last 26 years for which figures are available, the payrolls of our corporations came to \$16,211,000,000. The dividends paid to the owners of the corporations, whose savings and in vestments made the payrolls possible, totaled less than one-tenth as much.

In 1950, the share of the national income represented by salaries and wages was about 36 per cent. Now it is about 70 per cent—practically double.

## GRASS ROOTS OPINION

PLAINFIELD, INP., MESSENGER: "If reports of the government's indebtedness make you sick in the pit of your stomach, just stop and think what causes much of it. We're not beyond the reach of the doctor. We've been asking for too much from the government—a habit acquired by 20 years of a 'do everything' regime in Washington. Just ask for less—it's that easy."

SAN MARINO, CALIF., TRIBUNE: "Democracy, freedom, equality of opportunity, justice, enlightenment, are precious gifts that must be wanted so badly that life itself is not too high a price to pay."

ROMANS DEVELOPED THE CAESAR (NOW LOST) OF FATTENING INHENSELY: HOGS PLINY THE ELDER (A.D. 237) SHELLED SNAILS WITH SICKLES HOLDING CRABY SQUIDS.

for their defense. We must be ever alert to the threat posed by those among us who would barter these gifts away for the security they think will be found under a despotism they hope will be benevolent."

BALTIMORE, MD., DAILY RECORD: "Every merchant and manufacturer knows that there is a point of diminishing returns in the process of raising prices. They know too that it is possible to price an article completely out of its potential market. This is a point which a few labor leaders might take for labor too can price itself out of its market."

## 1955 Was Big Year For Southern Bell

The Southern Bell Telephone Company, which serves Belle Glade and 1,960 other telephone exchanges in Florida and eight other Southern states, experienced one of its largest years of expansion during 1955, according to the company's annual report received this week.

It built the largest amount of telephone facilities for the South of any year in history.

The report, distributed by Ed Reddy, District Manager of Southern Bell, points out that Florida had another record breaking year last year with 161,49 new telephones installed for a net gain of 79,000 stations.

This brings the total Southern Bell telephones in the state to 777,400.

This is 500,000 more than the company total in use in Florida ten years ago, or an expansion of 60 per cent.

The report develops a special section to progress made in Florida, where the company operates 73 exchanges with 10,467 employees. The theme of the report, made by President Fred J. Turner for the Board of Directors, is progress in the South during the past ten years, a period in which business firms in the region increased by 75 per cent and the South experienced its greatest economic growth.

During those years Southern Bell has undertaken a tremendous expansion program, with almost 66 per cent of them dial-operated, compared with only 1,803,204 of which 6 per cent were dial, in 1945.

Florida is particularly out in front in this respect with 95 per cent of Southern Bell's service already changed to dial.

The report brings out the tremendous effect exerted on the economy of the South in the past ten years by the more than \$1.5 billion of new telephone facilities built by Southern Bell in taxes and the other contributions made by the company to the region.

**SR 80 RETREADING**  
(Continued from Page One)  
will be added and an asphaltic concrete mix will be used to complete the job at a cost estimated at \$120,000, Rardin said.

Condition of SR 80 was placed on the critical list last fall by Chairman Rardin and the county board joined him in asking the State Road Department for immediate relief by rebuilding a section of the much used cross-state highway.

At a recent meeting of the board another primary road—Brown's Farm Road—was placed in the same category by the Glades commissioner and the board joined him in asking the road department to come up with a plan of relief on this important farm-to-market traffic link.

The county engineer proposed that the board ask the SRD for a plant mix retard on five miles which would put the road in excellent condition.

At the Feb. 27 meeting of the board of county commissioners Chairman Rardin directed the county engineer to report to the board at an early meeting the various depths of road on streets in subdivisions in the Glades area, using a boring method to make this determination.

The present requirement of three feet of rock on subdivision streets is held to be unnecessary by Rardin, who suggests that these requirements be changed to an amount somewhere between 18 inches and two feet.

The county engineer was instructed by the board to advertise for four new two-ton trucks for the Glades district road department with four old trucks to be sold and diversified manager.

A most cordial welcome was extended to the new members, Selma Harrison and Verne Bernstein, by the members.

Al Mutchak, chairman of the building committee, reports that the building is now 95% complete. Plans for the dedication are now in final stages of preparation.

**Little Things With Big Meaning**  
I am a little thing with a big meaning. I help everybody. I unlock doors, open hearts, do away with prejudice—I create friendship and good will. I inspire respect and confidence. Everybody loves me. I bore no body. I violate no laws. I cost nothing. Many have praised me, none have condemned me. I am pleasant to everyone. I am useful every moment of the day. I am COURTESY.—(May G. T.)

In other National Guard News this week, M/Sgt. John M. Munroe has applied for his commission as a second lieutenant. His application will be given to a divisional board this month.

Chester W. Rundel and Owen W. George of Belle Glade were signed as recruits this week.

More than 250 animals are carried with the vast organization. The Cristiani Bros. Circus is now in its 33rd year. It has grown from a small show traveling in Italy in vagons to its present eminence in the circus world.

Doors to the menagerie will open at 1 and 7 p.m. Performances will be given at 2 and 8 p.m.

Rumbling wagons of red and gold, gaily caparioned horses will be seen along with open cages and dens. Trumpling elephants and looting camels, lumbering elephants and humping camels all form a part of the picturesque and spectacular pageant.

## IT IS UNLAWFUL FOR ANY PERSON OR PERSONS TO ENGAGE IN BUSINESS UNDER A BUSINESS NAME UNLESS THE NAME IS REGISTERED

The law reads as follows:

"It shall be unlawful for any person or persons, as defined herein, to engage in business as herein defined, under a fictitious name as herein defined, without and unless said fictitious name shall be registered with the clerk of the circuit court of the county where the principal place of business is, which registration shall consist of filing with the clerk aforesaid an affidavit signed by all interested persons, stating under oath the names of all those interested in the business enterprise, the extent of the interest of each, and the fictitious name under which said business is carried on."

Said registration may not be made until the person or persons desiring to engage in business under a fictitious name shall have advertised his or their intention to register said fictitious name at least once a week for four (4) consecutive weeks in some newspaper as defined by law in the county where said registration is to be made, and said registration shall not be accepted by the clerk of the circuit court except upon receiving proof of such publication."

As interpreted by attorneys, a person may engaged in business under his own name, (such as JOHN JONES), but if he uses any business name, (even such as JOHN JONES' FISH MARKET) he is required to register the name with the clerk of the circuit court in his county, and to advertise the name and ownership of his business.

Be happy...go 'lectric!

Cookin's a breeze...and cool as a breeze...with a modern electric range! So much easier...and safer...too! It makes sense to go all-modern by going all-electric in your kitchen.

Be sure to include a completely automatic electric water heater—it fits anywhere! No vent, no flue, no fumes...and all the heat goes into the water, not into the room!

A tip to budget balances: It's cheaper to go all-electric in your kitchen—laundry than to use a combination of fuel. Remember, electricity is—

COOL...doesn't heat up the house!

White-glove CLEAN...no vent or flue!

SAFE as electric light...and just as economical!
